

Donation Form

NAPE is:

A nonprofit organization formed to educate PXE patients, the public and medical providers about PXE. Quarterly newsletters and a website (www.pxenape.org) provide information on current treatments, research and related issues. NAPE helps put PXE patients in touch with each other and with professionals.

NAPE sponsors three funds: 1) General Operations, 2) Research to assist scientists working with PXE and 3) Low-Vision to help members purchase vision aids that they could not afford otherwise. Donations may be directed to any of these funds. If not designated, donations will go to General Operations which supports the newsletter, website, communications and other general expenses.
